- **I got this money as a refund. Does this mean my MSSU account balance has been paid off?**  
 No. Distribution of HEERF II funds is made directly to students and not applied by the University toward any outstanding balances that may still be owed by the student. As such, receipt of these funds does not indicate the recipient has satisfied their financial obligations to MSSU for any debts incurred during the spring 2021 term or any terms prior. Please check your current account balance in Lionet to determine what you may still owe.
  
- **Can I use this money to pay off my MSSU balance?**  
 Yes. MSSU is not authorized to apply HEERF II funds toward any outstanding balances that may still be owed by a student without prior authorization. However, once the funds are received as a refund, students may choose to use the funds to pay off their outstanding account balance. Bursar@mssu.edu

- **Are Deferred Action for Childhood Arrivals (DACA) students eligible for HEERF II funds?**

- **Is money received from HEERF II considered taxable income?**  
HEERF II grants are not treated as taxable income or untaxed income for Title IV federal student aid purposes.  
In addition, because the emergency financial aid grant is not includable in a student's gross income, students are not able to claim any deduction or credit for expenses paid with the grant including the tuition and fees deduction, the American Opportunity Credit, or the Lifetime Learning Credit. See section 139(h) of the Internal Revenue Code.  
All students are encouraged to talk with a personal tax professional relating to any questions you may have about the treatment of the funds.
- **If I do not qualify for any HEERF II funding are there any other emergency funds for which I can apply?**

*\* Note:* For the initial report and each report thereafter, institutions should use data suppression and other methodologies to protect the personally identifiable information from student education records consistent with the Family Educational Rights and Privacy Act ([20 U.S.C. 1232g](#); [34 CFR part 99](#)). This means that if the total number of eligible students or the total number of students who received Emergency Financial Aid Grants is less than 10, but not 0, then the institution must display the total number of students eligible and/or the total number of students who received Emergency Financial Aid Grants as less than 10 (“< 10”) on the publicly available websites controlled by the institution.

Institutions that accurately report the information listed above will meet the initial reporting requirements under Section 18004(e) of the CARES Act. Institutions that the Department determines have not met the reporting requirement as described in this notice may, consistent with the Department's authority to monitor grantee compliance, be subject to appropriate enforcement actions, up to and including being determined to be ineligible for certain other CARES Act program funding. For other subsequent reports for this program and other related HEERF programs, the Department will notify participating institutions of the Department's preferred reporting method. The Department may choose to collect additional information from institutions in accordance with the reporting requirement in Section 18004(e) of the CARES Act and the Certification and Agreement.
